Overall Objective:	The goal of this project is training and empowering young people in Junik, and helping local government infrastructure in youth department to stimulate and support youth activism in the long term.
Activities:	<ol style="list-style-type: none"> 1. Creating 3 youth groups of 20 young people for each group, in total 60 youth for one year. Organising weekly training in different topics that concern communities and become advocates of social change in the municipality of Junik. Each group will go through three levels of trainings of 10 sessions per level, in total 30-day training for each group and as a cascading effect they will then have the opportunity to open a group and be a peer trainer, creating more groups lead by young people and provide sustainability to the project but also the opportunity for young people to lead. For each level of training they have a challenge to initiate a community project that stimulates civic participation and activism. 2. Organising 2 round tables with Media, Department of Culture Youth and Sport of Municipality of Junik, Schools under two topics: a) youth participation in decision making in Junik and action plan for youth; and b) budget under-code for youth department and recognising their potential for volunteer work in the community 3. We will organise 3 meetings with the Mayor of Junik Municipality one meeting for each group to talk about their concerns and suggestions for the municipality. 4. We will conduct a research with all the youth from high school in Junik in order to understand the situation and we will publish one report. This report will help re-design the Youth Action Plan of Junik based on needs of young people that can serve as platform for youth activities for 2017-2019
